4. Staffing Introductions

We have three new staff members in the office, Brooke Beleza, Tyler Bilash and Gabrielle Lamadeleine.

- Brooke will be working with umpires and event coordinating
- Tyler is our communications and program coordinator
- Gabby is this year's summer intern

5. Women's National Teams

5.1 U-15 Coaches - preapproved

In March, the inaugural U15 Women's National Team traveled to Acapulco, Mexico for the Pan American Championship, aiming to finish in the top four and qualify for the 2025 WBSC U15 World Cup in Italy. Despite limited preparation, the team showed resilience and secured fourth place, earning their spot at the World Cup.

- The team was supported by a dedicated staff:
- Melissa Basilio – Head Coach
- Joey Lye & Michelle Webster – Assistant Coaches
- Dr. Jonathan Lockwood – Mental Performance Consultant
- Angela Ballantyne – Team Lead

We're also pleased to welcome two new coaches to the Women's National Team Coaching Pool:

Kaitlyn Cameron (BC) is NCCP Competition-Development trained and an Apprentice Assistant Coach with Team BC. A former SFU player, she currently leads the Fraser Valley Fusion 2006 program.

Lesley MacPherson (BC), an SFU and former Senior Women's National Team alumna, is NCCP Level 2 certified and Head Coach of Ridge Meadows Pride 2010 (U15). While she won't join the team in Italy, she remains an active part of the coaching pool.

Preparations for the World Cup (June 23–July 6 in Italy) are in full swing, with four new athletes joining the roster. The team will be led by Head Coach Joey Lye, with assistants Michelle Webster and Kaitlyn Cameron, and supported by Dr. Jonathan

Lockwood and Scott Neiles.

5.2 U-18 Update

The U18 Women's National Team hosted three Identification Camps across Ontario, British Columbia, and Saskatchewan. From these open camps, selected athletes have been invited to attend final selection camps in Langley, BC (July 1–2) and Guelph, ON (July 15–16). These ID Camps marked the first use of the Ramp registration system, which proved to be a positive and administratively smooth experience. From these final selection camps, 16 athletes will be chosen to represent Canada at the WBSC World Cup will take place at Devon Park in Oklahoma City. Currently Canada's pool consists of: China, Chinese Taipei, USA.

5.3 Women's National Team

An Open ID Camp was held on June 9, 2025, in Oshawa, ON, as part of the Senior Women's National Team selection process. Following evaluations, four athletes were invited to stay for the Final Selection Camp, where 16 players will be chosen for the Pan American Championship (Colombia) and 15 for the World Games (China). Additional athletes will participate in the Canada Cup and Red vs. White Series. Final team selections will be made by June 16.

Key Dates:

- **June 9–16:** Final Selection Camp – Oshawa, ON
- **June 16–23:** Team Training – Oshawa, ON
- **June 21–22:** Red vs. White Series – Carp & Napanee, ON
- **June 24–July 6:** Pan American Championship – Montería, Colombia
- **July 7–14:** Canada Cup – Surrey, BC
- **August 8–19:** World Games – Chengdu, China

The **Red vs. White Series** will be the team's first appearance in Eastern Ontario, aiming to inspire local fans and future athletes while building momentum toward the 2028 Olympic Games in Los Angeles (LA28).

Athletes Invited to the 2025 Final Selection Camp:

Own the Podium Partnership:

Softball Canada is also pleased to welcome Mel Davidson, representing Own the Podium (OTP), to the Selection Camp. As a high-performance consultant, Mel will be observing camp to deepen her understanding of the team environment, culture, and needs.

COACHING

ICECP – Kaleigh Rafter

Softball Canada is celebrated Women's National Team Head Coach Kaleigh Rafter for completing the International Coaching Enrichment Certificate Program (ICECP). She's the first Canadian coach to finish the program since it started in 2008, standing out among thousands of coaches from around the world.

The ICECP, run by Olympic Solidarity and the University of Delaware, helps top-level coaches build their skills and become leaders in their sport. As part of the program, Rafter used the High-Performance Coach Development Program as a pilot of new Competition Development material to improve the future of how softball coaches are trained across the country. The revisions focus on modern training methods, sports science, and improved ways to teach hitting, pitching, and defense. The trickle-down effect of this pilot program will impact all levels of coach development in Canada.

CAC – Reinvestment Fees

The Coaching Association of Canada (CAC) is making changes to how the Making Ethical Decisions (MED) module is delivered to coaches. Currently, Softball does not have MED integrated into any of its coaching contexts—coaches must complete the course separately.

At present, Softball Canada receives approximately \$26,000 annually from CAC:

- \$13,000 in *Support to Sport* funding
- \$13,000 in *reinvestment fees*, which are paid back to CAC (funded by the provinces/territories)

Under the new model, Softball Canada will no longer pay the \$13,000 reinvestment fee to CAC, but it will also only receive \$13,000 in Support to Sport funding.

In addition, CAC has committed to distributing a portion of \$375,000 annually plus 9% of MED eLearning revenues to sports. The exact breakdown of this distribution is still to be determined.

Below is a summary of commitments made by CAC, National Sport Organizations (NSOs), and Provincial/Territorial (P/T) Governments regarding the future of MED eLearning.

NSOs Commit To:

- No reinvestment fee to CAC and removal of integrated MED (if applicable)
- CAC provides \$375K + 9% of MED eLearning revenue annually for NSO support
- Consider adding context-specific ethics content to the delivery

P/T Governments (PTCR) Commit To:

- No reinvestment fee to CAC and full use of MED eLearning (no more in-person delivery)
- CAC commits to fair redistribution of MED eLearning revenue to governments
- Consider incorporating P/T-specific ethics training

CAC Commits To:

- Ending the reinvestment fee model (no payments required)
- Fairly retaining MED eLearning revenues
- Providing \$375K annually + 9% of MED eLearning revenues for NSOs
- Fair redistribution of MED eLearning revenue to P/T governments
- Covering the cost of development, delivery, updates, and maintenance of MED eLearning

This change to funding may impact the future of coaching projects, including the following: the Competition-Development (Comp-Dev) materials are scheduled to be translated and reviewed by the French Provincial/Territorial Sport Organization (FR PTSO); an in-person Multi-Sport Coach Developer (MCD) training session is planned for Ottawa, ON; Learning Facilitator (LF) content-specific training will be delivered using the revised Softball Competition-Development materials; and a contractor will be hired to complete a thorough copy-edit of all NCCP Softball context materials.

MOTION #3 – Move to approve the Women’s National Team report

***Moved by Dugger, seconded by
Teague, CARRIED***

6. Safe Sport / Complaints

6.2 Canadian Safe Sport Program

As a federally funded National Sport Organization, Softball Canada has adopted the Canadian Safe Sport Program (CSSP) Rules. All designated participants — including Board members, staff, coaches, athletes, ODC members, and Championship Supervisors — were required to complete the Safe Sport 2025 e-learning course and sign the Participant Consent Form.

While the course, hosted by the Canadian Centre for Ethics in Sport (CCES), caused some initial confusion with Sideline Learning, we will continue using Sideline as our internal record system for Safe Sport requirements.

Softball Canada's Safe Sport policies will also be reviewed and updated over the summer to reflect recent changes from the CSSP and CCES, ensuring alignment with national standards and our commitment to a safe sport environment.

MOTION #4 – Motion to accept the Safe Sport Report

8.3 U-23 Development Camp

Following the postponement of the U23 Men's Pan American Championship, 20 athletes attended a two-day development camp, with 16 of them competing in the STK Fastball Tournament in Kamloops, BC. The other four athletes were released to play for their local club teams.

The U23 Development Team went 0-4-1 but was competitive in every game and faced some very good pitching. The coaching staff was pleased with the way the team played and was grateful for the opportunity to see several athletes who are competing for a spot on the National Team.

8.4 U-18 Men's National Team

Identification Camps are currently being held across the country, with camps already completed in Quebec (St-Leonard-d'Aston) and Ontario (Woodstock and Napanee). Upcoming camps are scheduled for Nova Scotia (Brookfield), Saskatchewan (Saskatoon), British Columbia (Prince George) and Newfoundland (St. John's).

MOTION #8 – Motion to approve Men's National Team report

***Moved by Andison, seconded by
Stanton, CARRIED***

9. Hall of Fame

The committee received 11 nominations from the Atlantic provinces this year. Of these, there are four individuals who the committee unanimously agrees should be inducted into the Hall of Fame.

A broader discussion is needed regarding team inductions, particularly around the potential nomination of historic and recent teams. Three teams were specifically suggested for future recognition:

- **1995 Men's National Team** (30th anniversary upcoming)
- **2015 Men's National Team**, which won **gold at both the Pan Am Games and World Championship**
- **2015 Women's National Team**, which won **gold at the Pan Am Games**

The Board expressed interest in finding alternative forms of recognition for remarkable team and individual accomplishments, especially in cases where Hall of Fame induction may not be appropriate at this time. This could help ensure meaningful acknowledgment while maintaining the integrity of existing policies.

There is no formal criteria currently outlined for Life Membership, which may also require further board consideration and documentation.

The Board recommends initiating work on a master list of individuals and teams deemed worthy of recognition to guide future nominations and discussions.

MOTION #9 – To induct the following individuals into the 2025 HOF: Bev Adams (Builder), Lou Davis (Official), Jeff Ellsworth (Athlete) & Les Howey (Coach)

***Moved by Stanton, seconded by Zanolli,

Andison, CARRIED***

10. Officials

10.1 Blue Convention

This year's Blue Convention hosted, in Calgary AB had a god turnout of approximately 225 attendees. Two cities have expressed strong interest in hosting the 2028 Blue Convention. A post-event survey was sent to all attendees to gather feedback for future improvements. The survey will be closing soon, and results will be shared at the next meeting

10.2 Registration

All provinces except Quebec expect steady or increased registration this year. Quebec anticipates a potential decline due to recent changes by Sport QC affecting official registrations sector-wide. Final numbers will confirm the impact.

10.3 Canadian Championship & International Assignments

The international and Canadian Championship umpire assignment had been previously approved. A few changes were made such as Mathieu Leclerc replacing Ryan Webber at the Men's Major and Bonnie Gostola replacing Marni Carvalho at the U17 Women's Canadian Championship.

12. DEI Initiatives

12.1 Sport Equity Grant: Female Bursary Program

Softball Canada's Female Coach & Umpire Bursary Program, funded by Sport Canada, ran from March 1–31, 2025. It provided up to \$500 in financial support to individuals, clubs, and PTSOs to reduce barriers and promote the development of female coaches and umpires across Canada.

The program was relaunched with targeted outreach via social media and email blasts, and applications were submitted through a Google Form.

Results:

- Applications received: 51
- Applications approved: 46
- Total funds distributed: \$20,000

This initiative reinforces Softball Canada's commitment to inclusivity, skill development, and increasing female role models in the sport.

12.2 Sport for Life Grant

Seven Chiefs Champions Camp:

With support from a \$15,000 Sport for Life Grant, Softball Canada introduced softball programming at the Seven Chiefs Champions Quarterly Camp (May 30–June 1, 2025), marking the sport's debut at the Seven Chiefs Sportsplex. The initiative aimed to build foundational skills among Indigenous youth and strengthen community connections through sport.

Key Highlights:

- **40 youth participants** took part in the two-day camp. Sessions focused on Learn to Play programming and introductory skill development
- **\$8,000** supported camp delivery; **\$7,000** was invested in on-site equipment for future use.
- Weekly programming will continue post-camp, supported by local Calgary associations.

This initiative laid the groundwork for ongoing softball development and deeper community engagement

Next Steps

Softball equipment purchased through the grant will remain at the facility and be used for after-school programming, providing continued opportunities for participation and development.

This initiative has established a strong foundation for the growth of softball in the community as well as helped build connections and relationships with local softball associations/volunteers and the Seven Chiefs Champions

12.3 Indigenous Logo Merch Launch

In April, Softball Canada partnered with Home Run Sports to launch a new merchandise line featuring the Indigenous logo design. The collection includes apparel showcasing both the full-colour logo and versions that highlight its meaning and cultural significance. Select items have also been integrated into the Volunteer Recognition Program.

As part of National Indigenous Peoples Day on June 21, members of the Women's National Team will wear shirts featuring the Indigenous logo to celebrate and honour Indigenous culture and identity through sport.

Anti-Racism in Sport Training

Softball Canada is partnering with Anti-Racism in Sport to deliver two training sessions on equity and inclusion—one for staff and board members, and another for P/T association leaders. Pending trainer availability, sessions are planned for September and will focus on building awareness, challenging bias, and promoting safe, inclusive sport environments.

MOTION #13 – Motion to accept the DEI Initiatives

Stanton, CARRIED***

13. Facebook Page Removal

Overview and Updates

Softball Canada's social media platforms continue to show consistent growth across key metrics, including follower count, impressions, and engagement. Content featuring National Teams remains the top driver of performance and audience interest.

In May, Softball Canada's Facebook page was removed by Meta due to flagged intellectual property violations related to a few WBSC Americas live streams. Despite ongoing efforts, we have not yet been able to regain access to the page and have been unable to post on Facebook since.

At this stage, we are preparing for the possibility of rebuilding our Facebook presence from scratch, though we remain hopeful that access to the original page can still be restored. We will also be looking into the possibility of paying to be a certified account on Facebook. We would do this for a year to get support and try to recover our page, then decide afterwards if we want to continue with it.

14. Prince Albert World Cup

- WBSC continues to host regular planning Zoom calls every three weeks to coordinate event logistics and updates.
- The tournament is expected to be highly competitive, showcasing top international talent.
- Softball Premier TV will be on-site to broadcast the event.
- A discount code for streaming access will be shared closer to the event.

15. Budget / Sport Canada

Softball Canada recently completed an extensive process to prepare and submit our Sport Canada funding application. As of late last week—officially confirmed June 17th — we were informed that our funding has been reduced by 21.72% annually for the next four years. This represents a decrease of over \$200,000 per year, significantly impacting our overall budget.

Out of 115 National Sport Organizations, 96 received funding this cycle. While many organizations are experiencing cuts (with an average decrease of around 10%), some high-profile sports such as hockey, soccer, and volleyball have received increased funding allocations.

Given this development, we will be revisiting our planned activities and priorities. We have scheduled a meeting with our Sport Canada consultant to discuss the details of our file and explore potential adjustments. Additionally, a Summer Caucus Zoom call is planned for Monday to engage in broader discussions with other affected sports.

We will continue to keep everyone updated as more information becomes available and the next steps are finalized.

16. Other Business

17. Next meeting will be October 9-11, 2025, in Ottawa, ON
